of Engineers

Fort Benning Area Office "Serious About Safety"

presents

Johnson Roofing & Construction/ Campbell Management Services JV

this

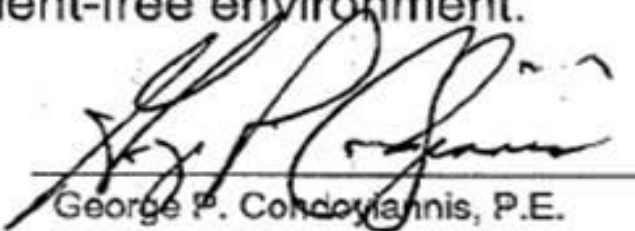

Prime Contractor Safety Award

for outstanding performance executing an extremely effective safety program from June thru September 2007. The projects to Replace Building 10600 Roof (\$175,000) and Repairs to Storm Damaged Buildings (\$1.6 million) established a commendable example for elevated construction contracts at Fort Benning. Your efforts continue to promote and maintain a safe accident-free environment.
